

2022-2023 Summer Reading and Math Requirements for students entering 2nd Grade

As this school year comes to an end, I am already looking forward to and planning the 2022-2023 school year. I am excited that I will have the opportunity to teach your child next school year. This summer students will not be required to complete a set amount of minutes in Moby Max, however it is highly recommended that they continue to work in both Reading and Math this summer. This will help with keeping them in practice with skills and helping them prepare for the start of 2nd grade.

For issues with Moby Max, please email Heather Romero at hromero@hbcnsi.org.

Reading - Optional

Students entering 2nd grade will be given an optional book to read over the summer. Students will be allowed to take a Reading Room test at the beginning of the year. If they pass the test, they will receive 5 bonus points in Reading. I highly recommend that your child reads throughout the summer. The reading book for the summer is The Mouse and the Motorcycle by Beverly Cleary.

The following website has a recommended family read aloud list as well as a recommended grade level list:

†

Math - Optional

There are many websites to practice math. In second grade, our main focus is learning addition and subtraction. Therefore, students entering second grade should begin to memorize addition and subtraction facts up to the 18's. You can use traditional flashcards to ensure fact fluency, as well as practicing fact fluency on Moby Max. It is fun to make up games using flashcards (like Memory or Bingo). Below are math websites you may want to check out:

Math-drills.com

Abcya.com

Mathgametime.com

Extra Practice - Optional

If you are looking for a good workbook for your child to use, I would recommend 180 days of Reading for Second grade and 180 days of Math for Second Grade. Both of these are available on Amazon.

Please remember that these are all suggestions to help prepare your child for second grade. All are optional, but would benefit your child. I hope everyone has a wonderful and relaxing summer.
