

**Renweb School Management Software** gives you, the busy parent, an opportunity to get more involved in your child's academic progress and future success – all via the Internet!

**Renweb Parentsweb** is a private and secure website set up for our school to allow you to see complete information specific to your son/daughter such as grades, attendance, homework and conduct, as well as other useful school information. You may also communicate with teachers and other school staff online whenever necessary. All you need is an Internet-capable computer.

Here's how to access our easy-to-use **Renweb Parentsweb**:

\* Go to Internet Explorer and type in the address: **renweb.com** or **hbcnsni.org**

We do prefer parents/students to use **hbcnsni.org** to access Renweb; this gives you the opportunity to view information about the school that may not be on Renweb.
