

Highland Baptist Christian School Terra Nova 3 (TN3) Scores

Highland Baptist Christian School has continued to rise to the challenge of high achievement in test performance and has consistently scored in the top one-third of schools taking this assessment of academic achievement administered to first through eighth grade students. This ranking includes all public and private schools in the United States who participated in TN3 testing.

The Terra Nova 3 also includes a Bible Assessment subtest which measures Bible components in the areas of knowledge, comprehension, and application with the primary thesis that these skills provide a foundation for students to gain a Christian worldview. Test scores show that the majority of HBCS students have a solid mastery of biblical facts and principles and have a firm understanding of how to apply them.

Although our scores demonstrate excellence in education, we are most proud of our mission: To glorify our Lord in a Christ-centered, Bible-based educational environment, to present to our students the gospel of Jesus Christ, and to provide an academically excellent education.
